## EXCLUSIVE GUIDED WALKING TOUR

# The Rocks, the stories are alive in the sandstone!

## A History in Stone

The Rocks is the birthplace of European Australia. On this rocky peninsula, in 1788, British convicts replaced the traditional way of life of the original inhabitants, the Cadigal people.

It became a melting pot of colonial life. Sailors of the world were welcomed to haunts of entertainment and friendly company as the rugged Rocks took on all the characteristics of a dockside area.

The close link with this city's maritime past remained until the recent period of restoration.

## Be Fascinated

There is no better way to get up close and personal with the story of Sydney than on foot.

Take a leisurely stroll with a friendly specialist guide through this unique heritage precinct of beautifully restored buildings situated as it is in a picturesque, harbourside setting.

Be entertained with lively tales of The Rocks' colourful past and vibrant present.

## The Place to Be!

The Rocks may be Sydney's oldest neighbourhood but it's lost none of its zest for life and is a treat for locals and visitors alike.

We invite you to indulge by dining at fine restaurants and tasty cafes, be tempted by the unique shopping opportunities and street markets. Museums and galleries will also help to while away the time or you can always drop into a local pub.
